CAROLINA TEACHERS ALLIANCE LAUNCHES “AMERICAN TUTORS AND HOMESCHOOL PARTNERS”

North Carolina-based teacher association, Carolina Teachers Alliance Inc., (CTA) has launched a new program called American Tutors and Homeschool Partners (American Tutors) at [americantutors.org](https://www.americantutors.org) offering a variety of [online courses](#) and [nationwide tutoring](#), in person and online. Their online courses are asynchronous video-based with select live sessions. Each course has video lectures, activities, graded quizzes, and a certificate of completion. Homeschool students may earn high school transcript credit. Enrollment is now open for summer and fall courses.

“We wanted to provide quality affordable homeschool and enrichment courses for students of all ages. Learning loss is real and American students need to catch up. Our courses align with our vision of an unbiased academically sound education for all children.” Said Amy Marshall, M.Ed., CTA Executive Director.

American Tutors features courses taught by notable education personalities such as syndicated radio show host Steve Noble, author and scholar, Dr. Siobhan Nash-Marshall, and North Carolina public school administrator, Dr. Nathan Street. American Tutors is seeking [course designers in all areas, who may apply](#) on their website.

American Tutors also plans to [partner with public school boards across America](#) with its outreach program, to deliver affordable tutoring services and online course remediation to combat learning loss from the pandemic.

At [americantutors.org](https://www.americantutors.org), students search for tutors by subject and location. American Tutors received over 200 tutor applications from nationwide tutors and is working to onboard them daily. Their current tutor lineup includes ivy league school tutors. Each tutor showcases his/her profile on the site, with chosen hourly rate and subjects. American Tutors charges a 15% platform fee to each tutor from completed tutoring sessions, a lower fee than their competitors. Tutors may apply [HERE](#).

Initial online pilot courses at [Americantutors.org](https://www.americantutors.org) include [Math 1 High School](#), [6th Grade Math Review](#), [7th Grade Math Review](#), [Live 1:1 Math Help High School](#), [Statistics for Absolute Beginners](#), [U.S. History with Steve Noble](#), [Civics and Constitution with Steve Noble](#), [AP US History](#), [Introduction to Ethics with Dr. Siobhan Nash-Marshall](#), [Biology](#), [Cursive Writing for All](#), [How to Write an A+ Research Paper](#), [Financial Literacy for Teens](#), [Bible History and Archeology](#), and [Bible Study Group High School \(live classes\)](#).

“We’re very excited to launch this platform for families and students of all ages. There’s a problem in American education right now with political activism creeping in. For the sake of future generations, we need to get back to the basics of education. We hope that American Tutors will be part of the solution toward academic excellence.” -Amy Marshall, M.Ed.
